VERY IMPORTANT

We recommend a weekly testing of your alarm system

Here is how you test:

- 1) Call Power Alarm central station at 216-383-0300 and put your system on a 1 hour test
- 2) Have your account # and password ready.
- 3) Arm your system...wait until it is fully armed, then open a door or trigger a zone. Once you hear a siren, you may disarm.
- 4) Call our central station at 216-383-0300 to see if a signal was received, if there was no signal call our office 216-289-5600 so we can further assist you.
